EASTHAMPTON ACCIDENT RECOVERY

The 1902 Mayher Fountain was destroyed when a tractor trailer crashed into the structure, including severing the water pipes under the sidewalk.

The City of Easthampton called upon **Bartlett** for our Accident Recovery Services. At no cost to the City of Easthampton, **Bartlett**:

- Photographed, cataloged and retrieved all destroyed and salvageable pieces of the fountain
- Outsearched granite for matching texture & color
- Fabricated a new 5' x 5' x 1'3" double basin fountain bowl
- Fabricated 1 new column & repaired 3 salvageable columns
- Fabricated 4 new capitals
- Repaired roof, ball finial & fountain/base stones
- Installed new plumbing
- Rebuilt fountain to archival photos

Since 1977, **Bartlett** has been providing cost-free Accident Recovery Services to the Municipalities and State Agencies of Massachusetts. Should a motor vehicle crash damage your property, call **Bartlett** to perform a cost-free field investigation, repair or replacement of the damaged property, and full recovery against the responsible parties. Our services are cost-free to your Department.

History

Built as a memorial, the Mayher Fountain was constructed in 1902 by Eleanor Mayher in memory of her late husband John Mayher, a wealthy banker and industrialist who advocated for construction of a public fountain as a member of the Village Improvement Society in the 1890's. It has resided at this rotary's green for more than 100 years.
